FYI. Environmental groups are asking the State of California (DOGGR & State Water Board) to do a cumulative impact analysis when deciding to submit AE applications to EPA.

Thanks,  
Lisa

Subject: Aquifer Exemption letter on cumulative impacts

Hi Felicia and Ken

A number of environmental and community organizations would like to submit this letter requesting additional analysis on aquifer exemption applications, to look at cumulative impacts and macro level effects of exempting multiple aquifers at once, as may occur in the coming months.

We look forward to hearing both DOGGR's and the SWRCB's response as to how each agency is considering this aspect of aquifer exemption review.

Thank you,
